REPUBLIC

Model 5070 60" x 39"

THE EXECUTIVE MODEL has a nine-inch overhang at the back, affording more than sixteen square feet of working space and making it possible for the secretary or visitor to sit comfortably "across the desk" and use the working top. This beautiful model is especially popular with executives and professional men.

The general locking system has added convenience of individual locking of center drawer.

Standard Finishes: No. 58 Platinum Gray Enamel, No. 1300 Neutral Olive Green Enamel, No. 45 Walnut Grain Enamel, No. 70 Mahogany Grain Enamel, No. 189 Sahara Beige and No. 190 Willow Green.

Model 5060

60" x 30"

THE STANDARD ALL-PURPOSE MODEL is especially planned for the use of executives and clerks who do not require a large working surface. When increasing responsibilities and work necessitate larger working space, the 60"x30" top can be replaced by any of the executive-style overhang tops shown on preceding pages of this catalog.

The general locking system has added advantage of individual locking of center drawer.

Standard Finishes: No. 58 Platinum Gray Enamel, No. 1300 Neutral Olive Green Enamel, No. 45 Walnut Grain Enamel, No. 70 Mahogany Grain Enamel, No. 189 Sahara Beige and No. 190 Willow Green.

REPUBLIC

Model 5055 — 54" x 30"

THE COMPACT ALL-PURPOSE MODEL was designed for use where floor space is at a premium. It is similar to the Standard All-Purpose Model 5060 except that the distance between pedestals has been reduced six inches to permit use of a 54-inch top. This change has been made without affecting vertical knee room and still allows comfortable "leg space" for the average user. Has general locking system with added advantage of individual locking of the concealed center drawer.

Standard Finishes: No. 58 Platinum Gray Enamel, No. 1300 Neutral Olive Green Enamel, No. 45 Walnut Grain Enamel, No. 70 Mahogany Grain Enamel, No. 189 Sahara Beige and No. 190 Willow Green.

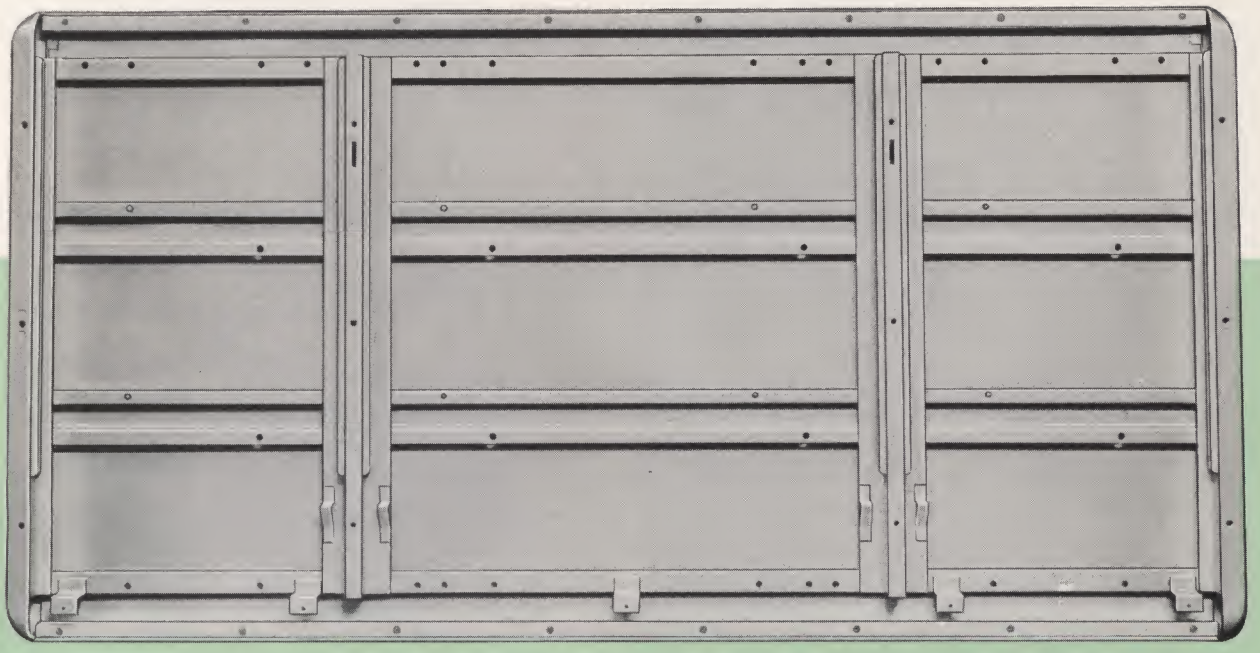
5. Adjustable back panel.
6. Box drawer supports are adjustable for interchangeability.
7. Progressive cradle-type suspension of letter-size drawer.
8. To prevent pilferage and loss of papers, the center drawer guard completely closes rear of drawer when locked.
9. Pedestal drawer locking mechanism controlled by center drawer.
10. Bottom of pedestal completely enclosed.
11. Heavily reinforced top, completely electric welded.
12. Sliding reference shelf built into top.
13. Rubber bumper prevents accidental removal of sliding reference shelves.
14. Large center drawer and sliding reference shelves built into desk top.

Efficiency and Convenience



Desk Top Construction:

Note the heavy duty construction of the Republic desk top. The top plate is of 18 gage, reinforced by four longitudinal 18 gage members and four transverse 16 gage flanged channel reinforcing members. All welded together to give maximum strength.

Combining Smart Styling With Practical Utility and Versatility

Engineers, artists and office efficiency specialists collaborated with steel fabrication specialists in the design of Republic 5000 Series Steel Desks and Tables, seeking to develop "the most convenient and comfortable, most versatile and attractive" office furniture ever offered.

ARTISTICALLY, they set a new standard in office furnishings, deftly blending simple, direct lines to combine striking beauty and efficiency. The manner in which the center drawer and sliding reference shelves are concealed in the deep roll of the top illustrates the care taken to preserve smooth flow of line and mass. Graceful tapering of the end panels breaks the monotony of vertical lines, eliminating the "boxy" effect in pedestals and creating a feeling of strength and solidity. Smooth, rounded door fronts and edges of the top accent this feeling and create a smart horizontal effect so popular in modern decor.

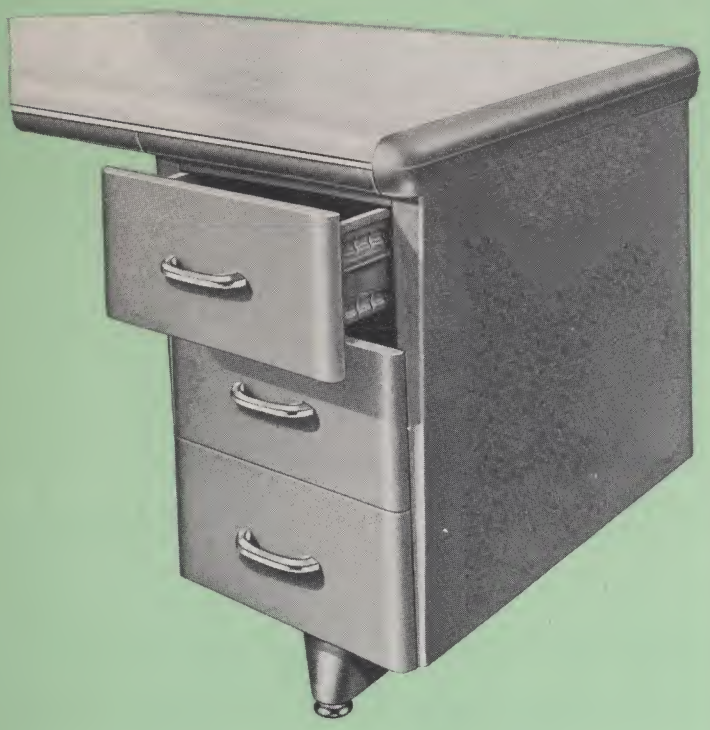
COLORWISE, Republic 5000 Series Desks and Tables represent the latest work of interior stylists with a variety of finishes to suit every personal preference and decorative scheme. Modern, cheerful Platinum Gray excels in light-reflecting qualities. Mellow walnut and rich mahogany grains faithfully duplicate the beauty of fine woods. Neutral olive green is both pleasant and business-like, and new Willow Green and Sahara Beige offer decorator colors that enhance the most beautiful office.

DESIGNWISE, 5000 Series units offer many new comfort, convenience and utility features such as adjustable height, more knee room, easy gliding doors and the restful "Eye Comfort" top.

Republic 5000 Series Steel Desks and Tables were designed to promote working efficiency instead of serving merely as surfaces on which to work.

VERSATILE, TOO, they are built on the modular principle with interchangeable tops, drawers, pedestals and legs, permitting many trim, space-saving arrangements and ready interchange of elements to meet changing requirements.

SERVICEWISE, Republic electrically-welded steel construction and fine baked enamel finishes insure lasting beauty and long years of satisfaction.



LONG LIFE FINISH

Both easily cleaned, the "Eye Comfort" top and baked enamel finishes are selected for long service.

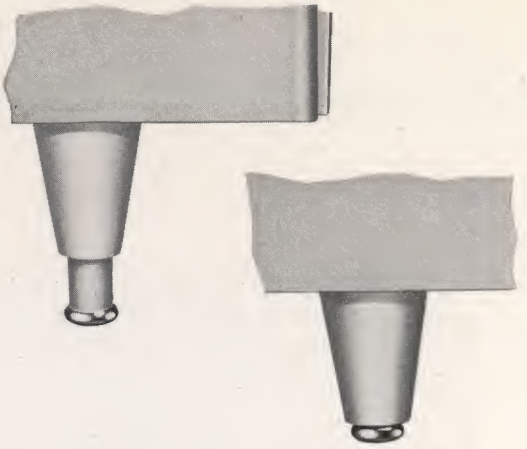
DUST-STOP DRAWERS

Rounded drawer heads overlap pedestal frames ½ inch on each side to keep out dust.

NON-BINDING DRAWERS

All-welded pedestal construction produces a one-piece unit of absolute rigidity, eliminating diagonal distortion to cause binding or sticking of drawers.

BOX DRAWERS Operate Smoothly and Quietly on Nylon Glides.



FOUR POINT HEIGHT AND LEVELING ADJUSTMENT

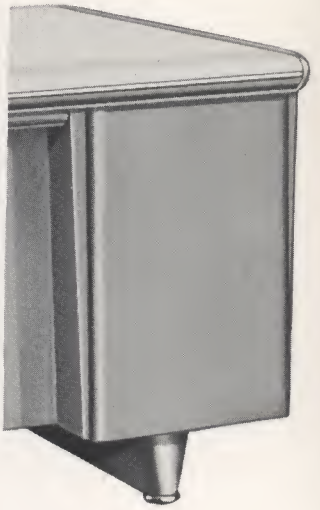
Four screw feet permit easy, quick adjustment of top height through 1½ inches from 29 to 30½ inches and serve as a leveling device.

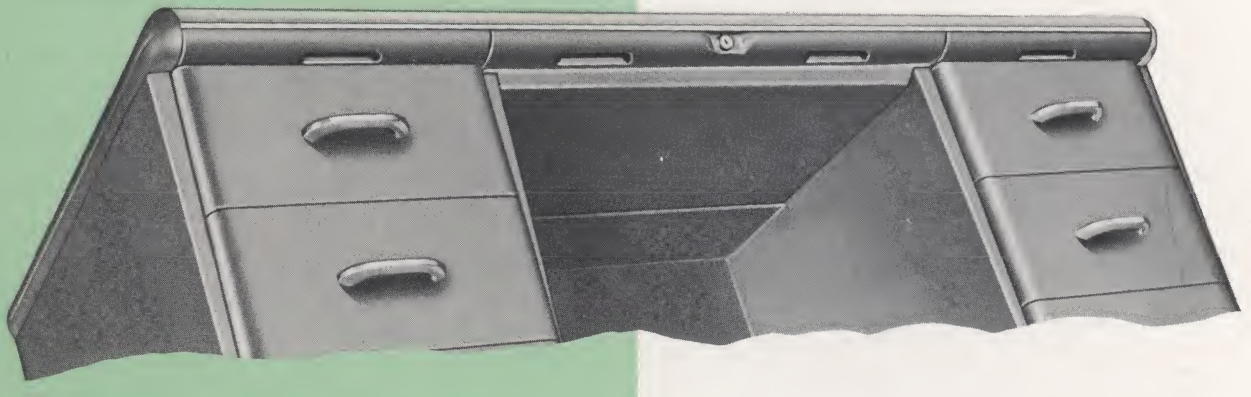
ADJUSTABLE BACK PANEL

Back panel may be set flush with the back of the pedestal, or moved in four or eight inches. Eight-inch adjustment permits visitor or secretary sitting across the desk to use the work top while leaving plenty of leg room for the desk user.

WIRING RACEWAYS

Raceways provide neat, concealed electrical outlets for telephone, buzzer, clock and other electrical equipment.





STAINLESS STEEL TRIM

Handles and trim are life-time Enduro Stainless Steel. Won't tarnish or corrode; never require polishing; no plating to wear off.

CONCEALED CENTER DRAWER AND SLIDING REFERENCE SHELVES

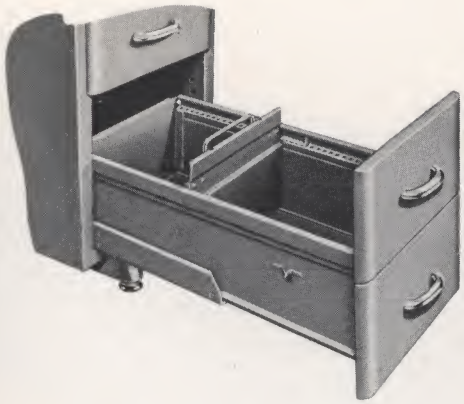
Drawer and shelves telescope into deep roll of the top, retaining smooth, unbroken lines.

"EYE-COMFORT" TOP

Developed by lighting authorities, the beautiful finish of Republic 5000 Series Desk and Table tops has a light reflectance value of 35%, accepted for maximum visual comfort. It affords welcome relief from the eye strain felt with darker finishes and helps promote worker efficiency.

AMPLE KNEE SPACE

The large center drawer telescopes into the top . . . does not project down and "steal" knee room. The desk top height is quickly adjustable through 1½ inches from 29 inches to 30½ inches for comfort of the user and the space between pedestals allows the average person to "swivel around" on the chair without bumping the desk.



FULL-OPENING LETTER-SIZE DRAWERS

Filing drawers on ballbearing roller cradle suspension roll out smoothly and easily to their full length, making entire contents readily accessible and fully visible. Compressor is positive locking; cannot slip or slide when engaged.

FULL DRAWER INTERCHANGEABILITY

All box and letter-size drawers are fully interchangeable, permitting most convenient drawer arrangement.

NEW LOCKING CONVENIENCE

The center drawer lock controls the automatic locking of the pedestal drawers yet an ingenious arrangement makes it possible to lock the center drawer without locking the pedestal drawers. Another convenience feature permits pedestal drawers to be opened without pulling out the center drawer which remains closed and flush with the top when unlocked.

Specifications

OF REPUBLIC 5000 SERIES STEEL DESKS AND TABLES

MATERIAL:

All steel used in the Republic 5000 series desks and tables is rolled in our own mills, and is, therefore, under our direct control. It is especially adapted to metal furniture fabrication being cold rolled and patent levelled, and free from all surface imperfections.

FINISH:

Two coats of high quality metallic base synthetic enamel, oven baked at the proper temperature, which has exceptionally high resistance to wear, water and humidity. Standard colors are No. 58 platinum grey, No. 1300 olive green, No. 45 grained walnut, and No. 70 grained mahogany, No. 189 Sahara beige and No. 190 willow green.

TOP CONSTRUCTION:

The heavy 18 gage top sheet is reinforced longitudinally with four 18 gage channels and transversely with four 16 gage channels, thus providing an unusually strong assembly.

EYE-COMFORT TOP:

No. 416 mist green linoleum is our standard on desks finished in No. 58 platinum grey, No. 190 willow green and No. 1300 olive green.

No. 415 blond tan linoleum is our standard on desks finished in No. 189 Sahara beige, No. 45 grained walnut and No. 70 grained mahogany.

Other colors of Armstrong desk linoleum will be furnished at no extra charge if specified on the order.

CENTER DRAWER:

The unique design of the desk top permits the center drawer and reference slides to be built into the roll front of the top, thus making the components almost invisible.

PEDESTALS:

Electrically welded into one-piece unit, thus assuring absolute rigidity. Bottoms are completely enclosed.

DRAWERS:

All drawers are interchangeable, and have overlapping heads, which reduce dust infiltration to the minimum.

Box drawers are fitted with nylon glides and operate smoothly in a heavy duty case track. Letter size drawers are equipped with positive locking compressor, and operate smoothly on a progressive roller bearing cradle type suspension.

INSIDE CLEAR DIMENSIONS

Box drawers 24½" long 12¼" wide x 4½" deep.

Letter drawers 24½" long x 12¼" wide x 11⅜" deep.

LOCKING MECHANISM:

OTHER REPUBLIC QUALITY STEEL PRODUCTS FOR THE MODERN OFFICE

Republic Steel Filing Cabinets, Bookshelf Units and Storage and Wardrobe Cabinets, manufactured to the same high quality standards, are available in standard colors and wood grains to match perfectly your Republic 5000 Series Steel Desks and Tables, permitting an entire office to be furnished in most modern and attractive style. Republic Steel Transfer Cases hold more and permit higher stacking to conserve floor space.

REPUBLIC STEEL VERTICAL FILES

Striking modern design makes Republic Steel Vertical Files fitting companion pieces to 5000 Series Desks and Tables. All-welded, super-rigid lifetime construction. Drawers operate smoothly on progressive ball-bearing roller suspension. Positive-locking compressors are lever-controlled.

Available in letter, legal, ledger, jumbo, X-Ray film, tariff and various card sizes, with or without automatic lock.

REPUBLIC STEEL BOOKSHELF UNITS

Bolted construction provides flexibility yet design assures strong, rigid assembly. Shelves rest in slots for easy adjustment on one-inch centers yet cannot be removed accidentally. There is nothing to obstruct removal of end books.

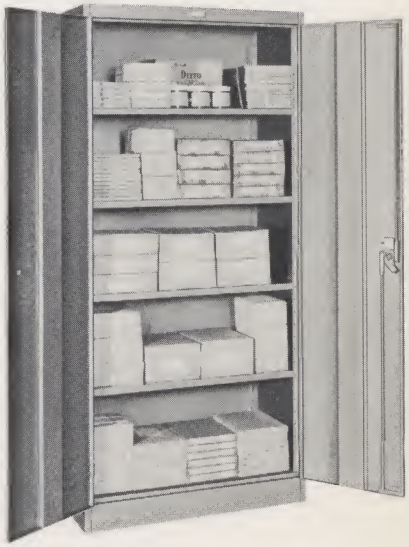
Single or double-faced units are 36 inches wide and furnished in standard 84-inch height and 90-inch height for law libraries, with back enclosures or sway braces. Additional units may be added to any desired length.

REPUBLIC STEEL TRANSFER CASES

Sturdy welded steel construction for long service; heads reinforced with heavy steel plate so handles can't pull off. Drawers give maximum filing space and heavy channel frames permit higher stacking without danger of tipping or collapsing.

Available in letter, legal, ledger, invoice or bill, check and tabulating card sizes. Can be furnished with roller drawers and positive-locking compressors. Round rods and channel bases also available for all sizes. Finished in olive green only.

REPUBLIC STEEL STORAGE CABINETS



Designed to harmonize with 5000 Series Desks and Tables, Republic Steel Storage and Wardrobe Cabinets are available in numerous single and double door types. Cabinets are strongly constructed of heavy-gage steel to withstand hard service; doors have pan-type reinforcement and are fitted with flat-key locks operating three-point locking mechanism.

Storage Cabinet Shelves are adjustable without use of tools; Wardrobe Cabinets have hat shelf and coat hanger rod. Two-Door Combination Storage and Wardrobe Cabinets also available.
